**Claire Doyle-Beland : Luck Doesn't Happen by Chance** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Luck Doesn't Happen by Chance:

1 of 1 people found the following review helpful. Hit or Miss By N. Thomas I find this book difficult to believe because she has listed my luckiest number as a 3, which, according to numerology is my clash/challenge/toxic number. I

thought this was going to be more like numerology, but really it is not. I do not understand the justifications for the numbers she selected to represent lucky numbers for a given sun sign. Numerology (true numerology) has proven to be more accurate in that regard. I've won money and a gift basket in a 2 month and on lucky days as per my true numerology numbers. I would suggest sticking to numerology rather than using the "lucky" numbers in this book. 5 of 5 people found the following review helpful. An Essential Little Book! By CB Twelve This book will show you your lucky times to make a move on things and some of your lucky numbers. And it's a very short and easy read. You don't have to read the whole thing, only that under your zodiac sign. This a very important book to own but not the only one you need. That's why I took one star away. You also need to get a numerology chart done on yourself, I did my own with the help of a good book, and I recommend you also get a copy of Kenneth Dickerson's book: "How to Win Games Of Chance." Kenneth's book picks up where this one leaves off. It fills in the few gaps. If you're into playing the lottery then knowing your lucky numbers is critical! 0 of 0 people found the following review helpful. good reading By W. Tomasik I agree with the premise that sometimes you are very lucky and sometimes you are not. I also believe that numerology and astrology might provide the clue to finding these times. This book definitely helped me finding mine however I calculated them a bit differently-as those calculated according to the book were not lucky for scratch off games (in which I was interested). The book may not give you the final answer but it will help in your searching for it.

Become luckier in gambling and everyday life. Astrology and Numerology are combined to find: \* Lucky Numbers\* Lucky Days of the Month\* Lucky Hours of those Days IT DOESN'T MATTER IF YOU BELIEVE IN THESE ANCIENT SCIENCES OR NOT, THE RULES APPLY TO EVERYONE!! You can easily determine your lucky cycles. Find your yearly message. Discover characteristics and other facts related to your birth date, and learn why the fear number 13 is unfounded.

This book is very easy to understand and use to create a calendar to follow your lucky cycles with! -- From the Publisher About the Author Claire Doyle-Beland was born in Sudbury, Ontario, Canada where she still resides close to her family. She has done some professional singing, especially during her younger years, and has also won some poetry awards. For over twenty-five years, she has studied astrology and numerology, and has found these sciences very enlightening and fascinating. She would be interested in hearing from anyone who experiences exceptional luck using their lucky numbers, lucky days or lucky periods. She would like to acknowledge that some of her information or ideas can be found in other source books. In particular: "Cheiro Book of Numbers" - by Cheiro, published by Prentice Hall Press - 1998; "Zolar's Book of Astrology, Dreams, Numbers and Lucky Days" by Zolar, published by Prentice Hall Press - 1990.
