Original Radio Broadcasts : Lum Abner Volume 2 (Old Time Radio) (Archives Collection) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lum Abner Volume 2 (Old Time Radio) (Archives Collection):

Unlike T.V. which you need to sit down and do nothing while you watch with radio or music you can work and listen too. The old shows still have magic and fun to hear while you work. This makes work fun and not work especially if it is a boring kind of work.1 of 1 people found the following review helpful. Five StarsBy WillieGreat show and a great transaction. following review helpful. Five StarsBy Jean RowlandMy friend really enjoyed this cassette.

When last we left our pals from Pine Ridge they were involved in considerable intrigue. They were receiving reports from the Masked Muskrat, threats from the Black Pelican, and a baby from a melancholy mother. The further adventures of Lum Edwards and Abner Peabody find them confounded by one commotion after another. At the Jot 'em Down Store, there is much bother about the baby, a mystery about a coat-of-arms, and mischief about ghosts, gunshots and gold mines. Once again, these 36 digitally restored and remastered episodes, starring Chester Lauck and Norris Goff, are available from the Radio Spirits Archives Collection - featuring re-releases on CD of some of our most popular long-discontinued cassette collections.
