I read it over and over again. My Dad, a good hand at poker, had given it to me.It taught me how to play poker fairly well. I hosted a nickel and dime game in my house once a week for my schoolmates.Then, when I was in the Army, I used the "Blanket Roll" that MacDougall details. I was able to roll round-cornered dice, on a blanket, from two to twelve and back again. It helped to supplement my income.Recently, I found my beloved old copy of the book at my mother's house. I've sent it along to one of my grandsons.
