Gamer Media Inc : Madden NFL 15: The Official Player's Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Madden NFL 15: The Official Player's Guide:

3 of 3 people found the following review helpful. Totally worth the price!By Justin GAmazing guide. Never thought I would pick up a strategy guide for a sports game, but I was excited to get this (initially because of the free MUT packs, basically paying for itself). When I finally checked out the strategy guide, I was amazed by the detail/breakdown of all 32 teams, best plays for each of these teams, MUT strategies, and so much more. I honestly just enjoyed reading through each team's breakdown and looking at the scouting reports and key players, very interesting stuff. Don't hesitate to buy this, especially if you enjoy Madden Ultimate Team. You can't go wrong with buying this guide!2 of 2 people found the following review helpful. Great resource for Madden fansBy C. JacobsAs you read it, you can tell that the Madden NFL 15: Prima Official Game Guide is a labor of love. The guide includes

tips on almost every game aspect, including Ultimate Team, Connected Franchise, and Skills Trainer. The guide gives a good look at the top plays and players for each team, helping you get learn about squads you may otherwise not be familiar with. My only recommendations for the future would be advice for new users on setting up audibles (including benefits of doing so) and more tips on how to beat man/zone coverage, similar to what they used in previous NCAA Football Game Guide(s). For the current price (under \$9), this is a great bargain and well worth the investment IMO. 2 of 2 people found the following review helpful. goodBy Lenny peralta Good, it really help you improve your game and tells you the best plays and teams. Can be the price

FREE Ultimate Team Pro Packs Unlock 6 Pro Packs and get off to a fast start in Madden Ultimate Team by redeeming the code inside!* (1 per week for 5 weeks.
