**David Pogue : Magic For Dummies** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Magic For Dummies:

1 of 1 people found the following review helpful. Great All-Around Handbook on Magic! By Randy Schwager I purchased this book to share with a young man who is very intrigued with the art of magic. This book covers a wide range of topics from the psychology behind a presentation...to the delivery of actual sleights! It's excellent for someone new to magic or as a refresher course for those who want to brush up on the basics! 1 of 1 people found the following review helpful. I like this book because there are more photos than in ... By PillSplitter2 The vanishing saltshaker, rubberband jumping, bending spoons, ring off rope and the cut rope trick appear in many magic books including a few I new as a kid but also The Complete Idiot's Guide to Street Magic and Wilson's classic course on magic. But, you can present things a different way. So, in a way, even seeing the same trick gone over 3 or more times in various texts, gives you, the performer more ideas. I like this book because there are more photos than in the Street Magic book mentioned before because, you really need this to learn the magic. So, yeah, I am glad I got this. No problem with

shipper. 1 of 1 people found the following review helpful. Book suits my needs! By Puddin66 Great book if you are starting out in magic or if you already are doing magic. The book is written with humor and has some very easy tricks as well as some that you may need to work at! I bought the book to add to my collection of magic books.

You don't need a white tiger, expensive props, or hours of preparation to do magic. With a little practice, some clever misdirection (which lays at the heart of all magic tricks), and showmanship, you can surprise family, friends, and coworkers using a few everyday items!
