Every trick selected had to be practical and no manipulative move was required. A means of eliminating the difficult move had to be created to present you with a variety of tricks, using only common articles that are easily obtainable. Any special apparatus required must be simple enough to be made by the average person or child. Also, any material thereof must be easily obtainable. For example, in the kitchen, garage, around the house and in a hobby shop. Just to name a few. These tricks are also created for every conceivable situation, wherever you find yourself, anytime and everywhere. Although no manipulative skill is involved, please study these tricks carefully before presenting them and never do a trick twice.

About the Author Mario Berardelli's spirits soar when asked to do a magic trick. The reason for his enthusiasm is his magic and showmanship. Mario Berardelli in art (RUBEN) arrived in the U.S. in the late 60's. Having been exposed to art at an early age, he soon found his love and interest in magic at the age of ten. At sixteen he enters the field with paid shows for birthdays, schools and holiday events. While in high school, he reaches the Yogi magic mart and club, Baltimore's very best. This gives him a big leap into the magic scene which leads him to perform in the Baltimore-Washington areas including the L'enfant park hotel and Governors club. By this time he meets Ray-Mond Corbin a past president of SAM and IBM and now in the Hollywood magic hall of fame. Ray-Mond becomes his teacher and mentor. Berardelli (Ruben) has been on American and European T.V. He performs for NATO military, royalty and sports figures. He is currently in Europe where he continues his teachings and performances in cabaret style.
