Explains all you need to know about MTG in an easy to understand format.0 of 0 people found the following review helpful. strategyBy this game is epic get it.Book OK for strategy. Unfortunately few years old. All cards are updated yearly.so not as much help as I thought it would be.1 of 1 people found the following review helpful. Magic the Gathering strategyBy LindaYes! My son loves this book. It tells him how to up his game on his deck!! Great for beginners.

Although the game is as easy to learn as chess, Magic: The Gathering does contain over 2,000 playing pieces, making good game plan and knowledge of the rules essential. This strategy guide provides information on all issues of the game, including clarification of the complex timing sequence, description of the fine art of deck design, and explanations of complicated Magic jargon. 300 color illustrations.
