A long-lost love.By James O'ConnellThis was *the* book I got when I was seven years old (I'm forty-something now), that got me -- a nerdy kid with headgear and glasses -- into a lifelong love of magic. Doug Henning was the guy on TV, and George Schindler was the guy in my bookbag. I carried this book and read it every chance I got.I'm glad to see it's still in print. I've bought a couple in the past year to give out to kids -- my own, and their friends. I hope it inspires them as much as this book inspired me.0 of 0 people found the following review helpful.
