**Smarter Activity Books for Kids : Magical Numbers - Math Puzzle Books for Kids Volume 3** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Magical Numbers - Math Puzzle Books for Kids Volume 3:

It has been proven that math puzzle books, like this one, allow children to work on their own pace and level and at the same time, also learn from their mistakes. Different kids would have various responses to math activities. One could still be learning the concept for the first time. The other could be developing an understanding of it. Yet another child could already be consolidating his/her knowledge.
