Nice review of British style mah-Jong.By BiohazardIf you want to learn how to play mah-jong the way the British do, this is a good book for that. The illustrations are nice, clear, and colorful. Every page is full color even. It reads well, and explains the rules quite

clearly. 1 of 1 people found the following review helpful. Mahjong By Barbara Brosnan An informative and easy to understand book which has helped us to understand the rules better. Would now like a book that is a bit more advanced.

The 'Know the Game' series, with full colour photographs and illustrations throughout, and revised and extended texts, provides up to date introductions to sport and leisure activities of all kinds.
