**Charles Youmans : Mahler and Strauss: In Dialogue** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mahler and Strauss: In Dialogue:

A rare case among history's great music contemporaries, Gustav Mahler (1860-1911) and Richard Strauss (1864-1949) enjoyed a close friendship until Mahler's death in 1911. Unlike similar musical pairs (Bach and Handel, Haydn and Mozart, Schoenberg and Stravinsky), these two composers may have disagreed on the matters of musical taste and

social comportment, but deeply respected one another's artistic talents, freely exchanging advice from the earliest days of professional apprenticeship through the security and aggravations of artistic fame. Using a wealth of documentary material, this book reconstructs the 24-year relationship between Mahler and Strauss through collage "a meaning that arises from fragments," to borrow Adorno's characterization of Mahler's Sixth Symphony. Fourteen different topics, all of central importance to the life and work of the two composers, provide distinct vantage points from which to view both the professional and personal relationships. Some address musical concerns: Wagnerism, program music, intertextuality, and the craft of conducting. Others treat the connection of music to related disciplines (philosophy, literature), or to matters relevant to artists in general (autobiography, irony). And the most intimate dimensions of lifechildhood, marriage, personal character are the most extensively and colorfully documented, offering an abundance of comparative material. This integrated look at Mahler and Strauss discloses provocative revelations about the two greatest western composers at the turn of the 20th century.

A fascinating volume . . . Its also an impressive achievement in terms of its scholarship and casts a great deal of light on these two composers, both individually and together. (Grammophone) Thanks to Youmans's lucid style and easy mastery of often dense material, it works well, and the high aesthetic stakes involved are established early. (The Musical Times) There has never been a book-length study of Strauss and Mahler, and the reasons are manifold and now mostly unnecessary. This book considers the parallel lives of the two greatest Austro-German composers of the late-19th and early-20th century, and does so with great eloquence. (Bryan Gilliam author of *Rounding Wagner's Mountain: Richard Strauss and Modern German Opera*) About the Author Charles Youmans is Assistant Professor of Musicology at Penn State University and author of *Richard Strauss's Orchestral Music and the German Intellectual Tradition: The Philosophical Roots of Musical Modernism* (IUP, 2005).
