0 of 0 people found the following review helpful. INTERESTING AND FUN TO FIGURE OUT By Magickman93A

COUPLE OF THE SYSTEMS ARE VERY INTERESTING AND GONNA BE FUN TO TRY,BUT LIKE HE SAYS I WOULDN'T EXPECT ANYTHING MIRACULOUS SO DON'T GO BLOW UP CREDIT CARDS..BUT WITH MODERATION AND DOING SOME FUN RESEARCH A FEW SYSTEMS SEEM TO ME BETTER THAN JUST PICKING UP A QUICK PICK LIKE I NORMALLY DO ,I KNOW PEOPLE WHO HAVE SOME SORT OF SYSTEM WHETHER IT BE BIRTHDAYS OR ETC.. THEY ARE THE ONES THAT ALWAYS WIN IN A CONSISTANT BASIS...SO STOP QUICK PICKING AND GET YOURSELF SOME SORT OF SYSTEM AND SINCE MUCH OF THIS IS BASED ON KABBALAH ,I THINK THERE IS DEFINITELY SOMETHING TO THESE SYSTEMS .. JUST A FUN GREAT BOOK !!!!!!!

Numbers are the ruler of forms and ideas, and the cause of gods and daemons. PYTHAGORAS Can Sacred Numerology Really Earn You Money? MAKING MILLIONS: A 500-YEAR-OLD KABBALISTS GUIDE TO CONQUERING CHANCE is the translation of an anonymous book apparently written to assist readers while selecting numbers that are likely to emerge in lottery drawings worldwide. Some methods were passed down by Heinrich Cornelius Agrippa (1486-1535) and Giovanni Pico della Mirandola (1463-1494). Others came from astrologers and alchemists like Rutilio Benincasa (1555-1626), and Zarathustra (c. 660-583 B.C.E.), while some are credited to sibyls, who were said to preside over oracles at such places as Delphi and Dardania in Greece, and Erythrae in Ionia. Alongside the translations are lengthy notes and supplementary information provided by the translator to facilitate readers understanding. This first English-language translation (of an exceptionally rare text) will appeal to anyone who plays the lottery, and to anyone who is interested in numerology or ancient religious practices.

About the AuthorABOUT THE TRANSLATOR Ken Jeremiah has written numerous books and articles, and he has translated various works from Spanish, Italian, and Japanese. He currently lives in Narragansett, RI.
