Stewart Culin : Mancala: The National Game of Africa before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mancala: The National Game of Africa:

This is a facsimile reprint of ethnologist Stewart Culin's 1894 (Report, USNM) article on the game Mancala and its variants around the world. It briefly details its history, scope and rules, and is accompanied by illustrations of several

different forms of the board. This is an interesting booklet for the serious board game player or anthropology student who wants to learn more about the history of this popular game.
