Francisco Stiglich : Manual de alta magia (Spanish Edition) before purchasing it in order to gage whether or not it

would be worth my time, and all praised Manual de alta magia (Spanish Edition):

This is not a book of witchcraft. Its time that the word magic lose its dark and sinister connotations and recover the dignity that the ancients granted it as the highest and clearest science. In this book, youll find no formulas or tools for doing harm; on the contrary, this book is an attempt to endow readers with tools of magic through which they can do good to others and themselves.
