More help than you would expect!!By A CustomerMario Party 2 is obviously the sequel to Mario Party where you and up to 3 other characters compete in a board game loaded with mini games and fierce, intense competition. This is really fun to play without the guide, but the guide tells everything. It shows the behaviors of all the computer-controlled characters, all the secrets for the six adventure boards, and thoroughly explains accurate strategies for all 56 mini games. Although, it doesn't have anything extra. Most of the mini game strategies won't be realized right away so get this to show all your friends who's

boss.
