**Mark Anthony Wilson : Mark Wilson's Cyclopedia Of Magic: A Complete Course** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mark Wilson's Cyclopedia Of Magic: A Complete Course:

0 of 0 people found the following review helpful. Check the Size of the VersionBy R. DeNataleThis is a great introduction to magic. However I didn't pay enough attention and got the very small but thick paperback edition. Too hard to read with my senior citizens eyes. I just bought an older, full-size hardcover copy at my local I.B.M. ring, and gave the small one to my 10 year old grandnephew.0 of 0 people found the following review helpful. lost my oldest book.By NewbeanI purchased this book at the young age of 6, from a B dalton none the less. I'm a professional magician of over 15 years and i can say. i just realized i couldnt find my copy anywhere after doing some spring cleaning. I tore apart my room, prop suitcases, even went to my mothers house to look in some old boxes i had. Ordering a copy wont replace the bond i had with my long lost copy, but this book is worth having on the shelf for any magician. If you have a young one looking into magic, its inexpensive, detailed, and friendly for all ages.0 of 0 people found the following review helpful. great bookBy Ace Cooperthis is a great book for those beginners seeking to enter

the world of magic. You are likely to quickly realize that magic is far more involved than those ingenious performers make it look. That said you will either make the decision to go further into magic or just use this book as an interesting insight into that very involved world. While there are tricks the do not require much preparation, any of the good tricks will typically require a significant amount of preparation. This is likely the best book you can buy on magic.

The world famous magician Mark Wilson reveals more than 200 classic magic tricks, from sleight of hand to levitation, accompanied by more than 1,500 illustrations. How does so much information fit in this little book? It's magic!

About the AuthorMark Wilson is first and foremost a famous magician, who the New York Times has recognized as probably the nation's leading authority on magic. He is also the hugely successful author of numerous kits and books devoted to instruction in the magical arts including the newly released Complete Course in Magic (Revised Ed.). Additionally, has made countless guest appearances throughout his career on every major TV talk show in the country. Mark Wilson resides in southern California.
