Frank Longo : Martial Arts Sudoku Level 9: Black Belt Sudoku (Martial Arts Puzzles Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Martial Arts Sudoku Level 9: Black Belt Sudoku (Martial Arts Puzzles Series):

0 of 0 people found the following review helpful. Easy to-go bookBy Pamela FenderI love the size, because it can be used while traveling or to throw in your purse and use while waiting in line.Challenging, too!1 of 1 people found the following review helpful. Level of difficultyBy Carol FThese are much more difficult than the ones you can buy in local stores. About half can be solved fairly quickly by an experienced person but the other half take real time and effort. Love the challenge.4 of 4 people found the following review helpful. little and difficultBy Tudor AustinFrank

Longo is the only sudoku writer that I will do. This is a great little takealong book. It has a hard cover so you can write without another surface. It has good paper for erasing pencil marks. The puzzles are difficult and incorporate many of the strategies he has put forth in his instruction book. All in all, a great little book, I only wish it had more puzzles.

Sudoku fever is on! Which book in the Martial Arts Sudoku series will provide the perfect challenge for you? The skill level recommended to solve these puzzles is ranked in the same way as Japanese karate levels by different colored belts. Easy sudokus bore you, but The Black Belt collection never will. Its the ultimate thrill for pros like you.
