**Kit Williams : Masquerade: The Complete Book with the Answer Explained** before purchasing it in order to gage whether or not it would be worth my time, and all praised Masquerade: The Complete Book with the Answer Explained:

0 of 0 people found the following review helpful. Three StarsBy H.N.SorianoBook was much smaller than I imagined, about 4 inches by 5 inches. Difficult to read.0 of 0 people found the following review helpful. A great childhood bookBy LibroworkThis was a great childhood book. The artistic visuals are great at trying to fool the eye. There are so many details. The jewel encrusted rabbit that was buried has been found long ago, but it is still nice to dream..1 of 2 people found the following review helpful. I was disappointed to find a very slimBy Ruth NathanI was disappointed to find a very slim, small paperback version of what I'd expected which I was led to believe was a large hardback picturebook.

In paperback, the book that touched off the treasure hunt of the century-with a full explanation of the Masquerade Riddle. For three years, treasure-seekers from both sides of the Atlantic sought a fabulous golden hare buried by artist Kit Williams. Williams had devised an unusual guide to the hare's whereabouts: a multilayered riddle that he told in a fairy tale of his own imagining, and presented in dazzling, cryptic, paintings. When the hare was finally unearthed by a British engineer, many were left wanting to know exactly how the clues worked out. In this paperback reprint of Masquerade, the author supplies an illustrated preface that pulls the strings, finds the goal, and points to what's important: the village chemist's daughter, the atomic weight of the elements, the shadows of the equinox, Henry VIII's first wife. Williams explains how numbers and colors correspond to the intricate ballet, and how the eyes really do see the answer. And of course, here are the magical pages that tell the tale of Jack the hare, and his journey to the sun. They are still there to discover, ponder, rediscover. And understand at last. Suitable for ages 7 and up. 73,000 copies in print.

About the AuthorKit Williams lives in a village in Gloucestershire, England.
