Stephen Stratton, Bryan Stratton, Brad Anthony : Mass Effect (Prima Official Game Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mass Effect (Prima Official Game Guide):

0 of 0 people found the following review helpful. A VERY USEFUL GAME GUIDE FOR MASS EFFECT 1By Dr. Feel GoodThis was a used book and arrived in good condition. Some user wear but quite legible and no tears. I had initially thought the book would be text but it is in comic book form. This is okay as it will give visual as well as written directions. I anticipate a good result. Mass Effect is one of the best games you can play. A lot of information is available on the internet but the book allows you to concentrate on specifics and this can be very helpful for those of us that don't have the memory to recall specifics in videos. I'll update the brief review after using the game guide. Happy Gaming.0 of 0 people found the following review helpful. This will tell you where all the keepers areBy Nick FagoneLike most strategy guides, it tells you where all the items are, but not the optimal way to build your character.

That combined with no dlc information means you'll be referring to the internet a lot anyway. That being said it's still a cool guide. 0 of 0 people found the following review helpful. Good art, useful (if not perfect) guide. By Calvin E. Jaffarian
With a sequel on the distant horizon I wanted to pickup Mass Effect again, but to do it right (as I'd heard your character carries over). The guide does a good job of documenting the game, as complicated as it is, but is, perhaps, a little fragmented. Everything's there, but it's divided by category instead of by when you might encounter it. I know the game's non-linear, but maybe a set series of goals might help to focus me instead of flipping back and forth? I will say the "Collectors Edition" is definitely worth it for the art book, it's about the only game art book I've seen that can stand up to the ones Blizzard puts out.

To get the full effect, you need this guide
Full mission optional assignment walkthroughs
Massive galactic codex section for all the background you could want
All Achievements and how to get them
Mass Effect warfare secrets revealed
