Carrie De Francisco : Math FUNdamentals: Fun and Games Using Games to Teach Math before purchasing it in order to gage whether or not it would be worth my time, and all praised Math FUNdamentals: Fun and Games Using Games to Teach Math:

1 of 1 people found the following review helpful. great bookBy Customerthis book helps get rid of math phobia. the author is a genius! love love this book! a must for all homeschoolers :) thank u!

Put the FUN back into learning FUNdamentals! The Math FUNdamentals Series uses games, literature and everyday living to introduce and reinforce basic math skills. Using these techniques, you can make math an inclusive, instead of intrusive, part of your child's everyday life. The Math FUNdamentals Series leads you and your family on a fun-filled mathematical journey!

About the Author Carrie De Francisco, author, professor, conference speaker, and homeschooling mom is a graduate of Louisiana State University and California State University. Her specialty is the teaching and learning of mathematics and science. Her passion is dispelling math phobia in children as well as in adults by putting the fun back into math FUNdamentals. She is living, loving and learning in Southern CA with her husband, Michael, and their two homeschooled children, Francesca and Joseph
