John Mantis : Math-Teaz: Volume 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Math-Teaz: Volume 2:

0 of 0 people found the following review helpful. Mathteaz book.By John MantisA very good math book to keep my mind sharp and very easy to follow instructions. Very page can be used many times more than once.

Math-Teaz will challenge your math skills and sharpen your ability to solve math puzzles. Using a puzzle format Math-

Teaz can be used by both adults and children. The fun of solving the puzzle is not finding the answer because it is provided - open the book and see what makes this a special challenge.

About the Author John Mantis, the author of Math-Teaz, has found that the average person no longer uses their mind power to solve mathematical problems - even though they are challenged daily to budget, purchase and to plan financially. Having worked with numbers all his life, John wants to find a way to help those that are mathematically challenged to learn to love the fun in solving problems. John Mantis is the father of three children and the grandfather of two boys. He is married for 42 years to the mother of his children and the love of his life.
