BradyGames : Max Payne 3 Signature Series Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Max Payne 3 Signature Series Guide:

My ReviewBy DaveI don't have the time these days to spend hours and hours going through a level to look for each and every little thing that the developer puts into the game. I have a wife and kid, and, both of them want me to spend time with them. It is for that reason that I always buy a game guide for the video games I buy.This guide gives a very good detailed overview of each mission and side-mission as well as the locations of the various things that you have to find. I have absolutely enjoyed the other games that Rockstar has developed and this guide absolutely lists the things for Max Payne as well.0 of 0 people found the following review helpful. A+++ guide.
