the price quoted but all in all with exchange and travel costs I paid about \$121.00 New Zealand dollars. ( However I would have bought it even knowing this beforehand. ) Thank you.0 of 0 people found the following review helpful.  
RipoffBy js sleuthSame book as 'Control the Bidding' by same author - only 'Control the Bidding is a lot cheaper - and I didn't know that it was identical. Strictly from a money issue point, this book is a 'big ripoff'.
