From Alfred Music : Mendelssohn -- Variations Srieuses, Op. 54 (Alfred Masterwork Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mendelssohn -- Variations Srieuses, Op. 54 (Alfred Masterwork Edition):

By Mario Barbosa Clean, easy to read, insightful annotations and practice suggestions. 0 of 0 people found the following review helpful. Schirmer Mendelssohn By Thomas A. Oliphant Not quite as good as the Schirmer, but good for the comparison.

In contrast to the numerous flashy "variations brilliantes" of the time, Mendelssohn composed his Variations srieuses

(Serious Variations) during the summer of 1841. These variations are considered to be among Mendelssohn's greatest works for solo piano. This edition contains background information, performance suggestions for each variation, editorial fingering, and both original and editorial pedal indications.
