Al Baker : Mental Magic before purchasing it in order to gage whether or not it would be worth my time, and all praised Mental Magic:

Learn the tricks of magic of the mind, teach yourself the art of illusion, appear to read your friends and families minds. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and

increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
