**Will Pearson, Mangesh Hattikudur : mental\_floss: The Book: The Greatest Lists in the History of Listory** before purchasing it in order to gage whether or not it would be worth my time, and all praised mental\_floss: The Book: The Greatest Lists in the History of Listory:

0 of 0 people found the following review helpful. If you're a curious person, this is absolutely for you By Em GI am pretty much the most curious person, ever. I have so much unnecessary information stored in my brain it's ridiculous. This book works amazingly well for people like me. It has so many random knowledge pieces, some might say it's too random, but those people probably don't know why we're not allowed to use cell phones on airplanes, or about celebrities and their hilarious phobias. This book would make you seem like the most annoying know-it-all, yet smartest and most credible person in every social, family and work gathering. Just... Don't be annoying. Use your powers for good, not evil. This book is highly recommended for knowledge-seekers and lovers, and of course, to list lovers as well. (People who enjoy websites like Listverse and cracked would enjoy this book very much) This is also a great gift for just about anyone, and a great coffee table book. 0 of 0 people found the following review helpful. I was

very disappointed with the quality of this bookBy CARMYUTI was very disappointed with the quality of this book. The content was ok, but the book itself was a flimsy paperback with really low quality pages and print. I was hoping to give this book along with Mental Floss Condensed Knowledge as a gift, but honestly - I'd be embarrassed to give a book that looks like it couldn't cost more than \$2.00 as a gift. I returned both books.1 of 1 people found the following review helpful. The BookBy Edward T. HamiltonI have always loved trivia, and when Mental Floss the magazine first appeared, I was thrilled. I have loved every book they produced, which includes The Book. It is filled with fascinating trivia covering a wide variety of topics. For anyone who is a knowledge junkie, I highly recommend this book.

The geniuses at mental\_floss are back with mental\_floss: The Book, a funny, surprising, fact-packed compendium of more than 200 of the Greatest Lists in the History of Listory. Commemorating the 10th anniversary of the award-winning mental\_floss magazine, authors Will Pearson, Mangesh Hattikudur, and Ethan Trex offer a cornucopia of additive, edifying, oddball, and irreverent information guaranteed to make dedicated trivia fans feel smart again. In the spirit of their top-selling book, Condensed Knowledge, mental\_floss: The Book is perfect for everyone who likes to laugh while they learn.
