Byrne Balzano track down horrors and madmanBy Jim McCarthy Jr."Merciless" by Richard Montanari roars out of the gate from page one as a taunt, and chilling Mystery/ thriller. This is the third outing for the Philadelphia detective team of Kevin Byrne, and Jessica Balzano. Byrne the grizzled long time cop has several demons to overcome chasing him within this terrific mystery/ thriller. Balzano ,still somewhat new to being an investigator really progresses her skills in becoming a top flight detective. It's the Schuylkil River that becomes a killing field for young, and unidentifiable young girls. A new member of the team is added to lend support, and research for Byrne Balzano. Josh Bontrager fresh out of Amish country turns out to be a very valuable member of the team. This story line really delivers with some horrific twists and turns. The intense pressure of the nature of these murders put Byrne and Balzano to the ultimate test of their skills and will. This third book from author Montanari really brings to life some incredible characters. Byrne and Balzano jump right off it's pages making them real lifelike Philly detectives. The book has an absolute real feel of Philadelphia. It captures the unique dialog of Philly perfectly. Along with some amazing knowledge for the various parts of Philly neighborhoods. This is important to the story line because Philadelphia has always been a city of neighborhoods. This book is spot on. From page one through the conclusion it maintains an intense pressure of the horrific murders by a madman. I'd highly recommend this book, and for that matter the series by Richard Montanari. I'm headed right onto the fourth book in this series, "Badlands". I'm

planning to most likely read all eight written in this series so far. It's a superb 5 stars out of 5 possible stars without a doubt. This is a great book to really get into and strap on for a scary, hair raising, wild ride. Don't miss this series, it delivers. (From Philly we say "School-Kill river !)" 0 of 0 people found the following review helpful.
