before purchasing it in order to gage whether or not it would be worth my time, and all praised Violin Concertos Nos. 3, 4, 5: for Violin and Piano Reduction:

Totally useless with just the piano part By Idaho girl I should have paid attention to the other reviews because I ALSO didn't get my separate violin part. This is the piano part ONLY. Totally useless with just the piano part, so I will be returning this stupid thing. 3 of 3 people found the following review helpful. One Star By PJCDid NOT come with separate violin part, despite earlier review. Very disappointing. 0 of 0 people found the following review helpful. Great! Includes separate violin part By MGI needed this music right away for my son's solo and ensemble competition. I was worried because a prior reviewer indicated that the separate violin part was not included. I'm happy to report that it is included. There is both a piece with piano score as well as a

separate violin piece. The item came brand-new in great condition and very happy.

(String). This convenient publication in Schirmer's Library of Musical Classics collects Mozart's most often-played violin concertos in one affordable volume.
