I love Sylvia - This is the Truth - Long live her teachings! By Carolyn Jaynes I love all of Sylvia's books - this was especially interesting to learn the difference between spirits and ghosts, since I teach courses on spiritual phenomenon. Her books all ring true to my soul, and I hope to pass on this knowledge to others who want it. It's very inspiring! 1 of 2 people found the following review helpful. Fun book! By Laura Krueger This is one of her best books yet. She does repeat herself a lot, many of the things you will read in this book, have been said many times before in some of her other books. But there was also a lot of new things, and it was quiet enjoyable. You don't have to read cover to cover, you can skip around the book. Love Sylvia. Although after all the books I have read by her I am noticing that she is inconsistent. She will go back and forth a lot. Not saying I don't love her work, it's just starting to get to me a little bit.

New York Times bestselling author Sylvia Browne recounts her encounters with ghosts and explains this spiritual phenomena in the same way she explained the spirituality in dreams with SYLVIA BROWNE'S BOOK OF

DREAMS. In VISITS FROM THE OTHER SIDE, she visits haunted homes, explains the meanings of visions and nightmares, considers why ghosts exist and decodes messages from The Other Side. This is an astonishing and inspirational book that will resonate with readers everywhere.

"Browne is a master at conveying the truth that exists in the fourth dimension." -- Carolyn Myss, Ph.D., author of Anatomy of the Spirit
