From Chester Music : Vivaldi Gold - The Essential Collection: The Gold Series (Gold Essential Collections) before purchasing it in order to gage whether or not it would be worth my time, and all praised Vivaldi Gold - The Essential Collection: The Gold Series (Gold Essential Collections):

0 of 0 people found the following review helpful. Lovely! Good paper, clear print and better than average binding. I usually take books straight to the shop for spiral bindings By K. Russell LOVE this collection as I have little discretionary time and look for a level of difficulty that allows me to sight read most pieces in a book. Not to say that there aren't some that are more challenging, not so much in notation but in musicianship ... to achieve the lyricism in the work. 1 of 1 people found the following review helpful. Vivaldi Gold By Sandy480I added this to my collection with the spiral binding. It has a few really nice pieces for the medium-advanced player. I will have a great time going

through this book. I am a big fan of the baroque style of music. If you are too, you should not hesitate to add this to your collection.

(Music Sales America). The Essential Collection continues with a folio of the greatest works by Antonio Vivaldi. The pieces include his celebrated Violin Concertos and, of course, movements from the Four Seasons, all arranged as piano solos for you to learn and enjoy.
