**Meredith Willson, Franklin Lacey : Vocal Selections From "The Music Man"** before purchasing it in order to gage whether or not it would be worth my time, and all praised Vocal Selections From "The Music Man":

AllenI play piano, and was looking for my copy of this book recently and seem to have either loaned or lost it. I quickly realized I couldn't live with a copy (I read the music when I play.) so ordered another. This one is nice and crisp, unlike the tattered well-used one I lost. These "vocal selections" books on B'way shows are great for amateur piano players, and this is one of the best...especially for the really great shows that are quickly sinking into the past and out of sight and mind. While everyone else is playing 76 Trombones and "Marian the Librarian" from this book, I always turn to one called "It's You" first. It's a totally forgotten non-hit song from this great old show, but one of my all time favorites from any

musical. If you play, try it. 0 of 0 people found the following review helpful. GREAT By Clarica Great condition! I am happy! 0 of 0 people found the following review helpful. good songs, poor presentaion By A Mother of 2 Kidlets Great songs, but the music sheets leave something to be desired. The type is light colored and fuzzy in some spots. Some pages look like copies gone askew. Would have returned but my daughter really wanted to keep it for the song selections.
