Bart G. Farkas : Warcraft III: Reign of Chaos Official Strategy Guide (Bradygames Take Your Games Further) before purchasing it in order to gage whether or not it would be worth my time, and all praised Warcraft III: Reign of Chaos Official Strategy Guide (Bradygames Take Your Games Further):

0 of 0 people found the following review helpful. For Doomhammer!By SummonthingsVery nicely laid out guide for completing the game. Includes maps and strategies for completing the missions. Especially enjoyed playing as the different races and their overarching plots to a common goal.0 of 0 people found the following review helpful. Four StarsBy ACEvery good8 of 8 people found the following review helpful. Quality content, if you need it.By A CustomerOverall I would say the book is very complete. I have found very little about Warcraft III that was not answered in this book. This book has two parts.The first part is the game play detail. This part provides details such as

damage, armor, range, hit points for every unit and building; a "tech tree" for each race; and details about the special abilities of the heroes. This part is essential for any serious player. The second part is a pure spoiler for the single player missions. It gives every detail about the missions including: items, enemies, power ups, and tactical strategies. This part would be most useful to younger players or those who are new to strategy games. I personally do not enjoy the single player game nearly so much as the multi-player game. I have owned the game for 6 months now, and have not yet finished the single player game. Conversely, I have played over 200 online games. I would recommend this Strategy guide to two types of people: those who are serious about developing a winning strategy (using the first part of the book), and those who are new to strategy games and may have trouble completing the single player missions (who would use the second part of the book).

BradyGames Warcraft III: Reign of Chaos Official Strategy Guide features a complete walkthrough of all four campaigns-including every optional quest. Comprehensive coverage of the races including, tech-trees, strategies, and statistics for managing the units and structures. Extensive coverage of the Heroes is also provided. Essential fold-out poster includes critical information on hundreds of Spells, Upgrades, and Items! Plus, Battle.net(r) tips from Blizzard!

From the Back Cover BradyGames Warcraft III: Reign of Chaos Official Strategy Guide provides comprehensive coverage of the 4 character races, including the Night Elves, the Undead, the Orcs, and the Humans. Detailed area maps call out key magical objects and help players navigate through the game. Boss strategies and battle tactics help gamers win battles and complete quests. Multiplayer strategies provided for worldwide warfare on the Battle network. There are multiple cover art images available for this strategy guide. .com is unable to accept requests for specific covers. The various covers will be assigned to orders at random.
