Ann Bryant, Ralph Vaughan Williams : Wasp Alert in Minibug Bonanzaland! (Book CD) (The Music Literacy Art Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wasp Alert in Minibug Bonanzaland! (Book CD) (The Music Literacy Art Series):

The books in this series are designed to combine music, text, and illustrations as a way of telling stories written specifically for young children. Works by Ralph Vaughn Williams. Camille Saint-Sans, and others are used as a backdrop for each story. The invasion of ferocious Stinger wasps at Minibug Bonanzaland causes a state of panic for its inhabitants. The Bee protectors are nowhere to be seen, spiders are struggling to create a big enough web and the ants seem to have disappeared altogether! It is a sad day for the bugs in Bonanzaland. Based on The Wasps Overture by Ralph Vaughan Williams
