David Hodgson : Watch Dogs: Prima Official Game Guide (Prima Official Game Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Watch Dogs: Prima Official Game Guide (Prima Official Game Guides):

1 of 1 people found the following review helpful. A few nitpicks, but otherwise an OUTSTANDING example of a strategy guideBy Brian ParkerI regularly buy guides (just to collect them as much as to get actual help), so I've seen a wide variety of quality in both content and presentation. This is a great example of what a guide should be. Take a look at that page count; you'll be surprised when you see how thick this baby is, but that space is USED, without much

filler. For each "mission" in the game, there are a variety of approaches suggested, tailored to different styles of play. There is amazing detail on different weapons. This is not a terribly difficult game for an experienced gamer (and you can change the difficulty levels), but it is easy to set it aside, and only refer to it for an area where you need help. It's also worth mentioning that the print quality is great. Some cheap guides will blur if I rest sweaty hands on it, or the pages will fall out. The hardcover version, at least, is great quality. There are some downsides or ways it could improve. Screenshots for the QR Code collection missions were small and difficult to use. The game is fairly easy and collectibles are marked on the map, meaning the guide is more "nice reference" than "absolutely essential" (but that's not the guide's fault, and more casual players could have trouble). A ribbon bookmark or two, attached to the spine, would have been a nice addition. There aren't a ton of extras (I've seen "Collector's Edition" guides with dev interviews and stuff) but I can imagine pushing past 600 pages would make the guide really unwieldy. None of these problems are more than nitpicks, not enough to call this less than a five-star guide. 0 of 0 people found the following review helpful. Deep, extensive, worth the price. By Istvan Molnar One of the heaviest of all Prima strategy guides. I expected something of 200 pages and got the double of it. Very extensive, very deep, covering every single thing in the game except for the city games which are e-guide exclusive. That being said the e-guide comes with this one via an unlock code inside the book so you not only get 500 pages worth of intense strategy but a mobile-friendly one with the same content plus the city games and other interactive content. Very helpful, I am perfectly satisfied with it. This one justifies the price the best out of those I have seen so far. Highly recommended. 0 of 0 people found the following review helpful. Great book By Weldon Great book loved had everything I wanted in it and then some

Free Mobile-Friendly eGuide: Redeem your access code to unlock the full strategy guide, formatted for use from any web-enabled device. The enhanced eGuide offers tutorial and expert videos, alternate tactics, bonus content, updates, and more all optimized for a second-screen experience. 100% Completion Guide Covers every main mission, side mission, investigation, and collectible to deliver the full experience in the most anticipated new franchise of the year. Dedicated Multiplayer chapter details all online contracts and maps including expert advice on hacking, tailing, races, decryption, and notoriety. Highly detailed maps cover every inch of the massive open world setting, charting the most rewarding path to every secret collectible. Comprehensive Training Details everything from the basics of exploring Chicago to hacking, unlocking Skills, and advanced tactical advice that will help you optimize your gameplay. Platforms Covered: PC, Xbox 360, Xbox One, PlayStation3, and PlayStation4.
