Carol Klose : West Side Story - Piano Solo - Intermediate Level before purchasing it in order to gauge whether or not it would be worth my time, and all praised West Side Story - Piano Solo - Intermediate Level:

3 of 3 people found the following review helpful. Great gift for the piano person in your life By CLM My husband had been looking for music from "West Side Story" and this was a perfect pick. The music takes work but he is enjoying it. 4 of 6 people found the following review helpful. It is useless to me By Walter I should have returned it, It has not words on the music. The arrangement is fine but it is much less fun to play without the words printed, 3 of 5 people found the following review helpful. No words, cheesy arrangements By John Ervin Hoped for a sing along book for friends and family. No words though and the arrangements are really beginning/intermediate. The tunes are so well known that just playing the melody has some value, but the arrangements are just cheesy, moving melodies and and down an octave for instance. I bought the wrong West Side story book.

(Piano Solo Songbook). Intermediate piano solo arrangements of ten songs from this Bernstein/Sondheim masterpiece:
America * Cha-Cha from the Dance at the Gym * Cool * I Feel Pretty * I Have a Love * Maria * One Hand, One
Heart * Something's Coming * Somewhere * Tonight.
