for any church pianist or an intermediate pianist who enjoys playing hymns. There are some pieces which are pretty easy for an intermediate pianist to run through, and others that may require more practice to play decently. I love Cindy Berry and think this is one of her most useful collections to purchase as a small church pianist. For those more professionally trained pianists, this book might be rather simple and not challenging enough, but it's perfect for me. 0 of 0 people found the following review helpful. LOL Overall, I liked the songs. I added a few things here and there, but it gave me some great ideas. 0 of 0 people found the following review helpful. Excellent!By MusicMomExcellent! I love it! Nicely arranged pieces that sound great and don't require hours of practice.
