Not only are your logic puzzles brilliant, but your solutions to each one as well. Now how do you get people to turn off the noise TV etc. and really ponder these puzzles? Thank you for giving us tools to help us learn how to think! If I could give you 10 stars I would-this is true for your other books as well. Thanks!While I'm in the praise giving mood, check out Larry Gonick's Cartoon History of the World books (also available from )
