DunhamThis book is a phenomenal collection of the most recent praise songs in lovely arrangements. My only suggestions for the product that would make it better would be if chords were included and also lyrics/words, maybe a

page with words at the beginning of each song, so if someone wanted to use the arrangements to sing, the words would be handy.0 of 0 people found the following review helpful. Her Sacred Hymns and Standards are much better.By SuzanneI have had many of Carol Tornquists arrangements before. Perhaps it's just the nature of praise songs but I found the arrangements to be less than exciting and very repetitive.0 of 0 people found the following review helpful. Five StarsBy redcanaryI love this book - use it quite often for Sunday Services
