This?: The ultimate guide to the most embarrassing movies in history, and the celebrities who appeared in them.:

3 of 3 people found the following review helpful. A book for (almost) every roomBy RutgerDan Whitehead sacrificed 4 years of his life watching terrible movies so you don't have to. It offers tons of humorous descriptions about films that now famous actors wished never existed.This is something for everyone. For the common sane man it offers lots of funny trivia about actors they have probably seen and can use to impress people at the bar. For the geek extraordinaire it is a nice source to refresh their knowledge of embarrassing movie moments as well as offer a good list of actors they should stick to when ranting to the common sane man at the bar about movies.A must have! One in your night cabinet next to the bible, one for on the shelf of history books and one for the toilet to make guests feel at home.1 of 1 people found the following review helpful. An absolute must for movie loversBy LewkuhAs a genre film fan, this was probably one of the most entertaining non-fiction books I've ever read. Neatly organized by actor's first name in alphabetical order, you can easily leaf through it and see if your favorite actor's ever embarrassed him/herself in any way. Chances are, he/she will have! Just as valid would be to just read it cover to cover, since the short (and often quite outrageous) segments are unlikely to bore anyone. Did you know Eva Mendes AND Naomi Watts were in \*different\* CHILDREN OF THE CORN sequels? They surely wish you didn't!Buy it!1 of 1 people found the following review helpful. Fun breezy read for movie loversBy Culture VultureFun book that looks at movies actors took early in their careers or in the twilight of their careers. Whitehead has a wonderfully snarky voice when discussing curious choices or whether they were phoning in their performance.He lays out why he picked the movies that he did to review - mostly horror - in the introduction which gives the book a nice structure. After that it's all reviews which is exactly what you would want and he made me laugh more than once. He even mentions several movies you might seek out.

"Thoroughly enjoyable and laugh out loud funny" 8/10 - JoBlo.com "Informative and hilarious" - Collider.com "Perfect bathroom reading for people who like saying stuff such as Adrien Brody? Hes great in Mario Van Peebles Solo." - Badass Digest What's A Nice Actor Like You Doing In A Movie Like This? is an exhaustive guide to the films that the great and good of Hollywood wish you'd never seen, and hope you'll never remember. It doesn't matter if the role in question marked an inauspicious debut or an ignoble ending; no career is safe from this tongue in cheek trawl through the dustbin of movie history. From critical darlings to box office behemoths, from respected thespians to mainstream megastars, from cult obscurities to infamous blockbuster turkeys, and from the legends of the past to the bright young things of the future - this book unearths the skeletons lurking in every celluloid closet, and subjects them to the cruel unflinching spotlights of common sense and good taste. Between the pages readers will thrill to such eye-popping wonders as killer frogs, giant man-eating rabbits, moon-faced robot spies, disembodied hands, several Anti-Christ, dancing zombies, nude space vampires, barbarians in hotpants, lusty ghosts, psychotic clowns, randy computers, evil test-tube babies, crap Russian superheroes...and a confused Jack Nicholson trying to punch a falcon. Each movie is lovingly described in all its awful glory, with special attention paid to the contribution made by the slumming star in question, no matter how small. Additional information related to the film and its creators is included under a catch-all Need to Know subheading, while other notable, odd or just plain weird offerings featuring the same actor are included as Honorable Mentions. With over 190 alphabetically indexed and cross-referenced entries, What's A Nice Actor Like You Doing In A Movie Like This? is the most comprehensive and hilarious guide to the films Hollywood would rather forget.

About the AuthorDan Whitehead has almost twenty years experience writing for, and about, the entertainment industry. His other published works include the Edgar Allen Poe graphic novel Nevermore, unofficial biographies of George Clooney and Hugh Grant, as well as licensed publications such as The Official Star Wars Episode II Annual and two official Lord of the Rings movie magazines. He has been a videogames consultant for Guinness World Records, was formerly the editor of Movie Insider magazine, and has provided incisive interviews and ribald reviews for DVD Blu-ray , Hotdog, Eurogamer, CHUD.com and The Big Issue In The North. He has been described as "a funny guy" by the writer of Catwoman.
