David Feldman : When Did Wild Poodles Roam the Earth? An Imponderables Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised When Did Wild Poodles Roam the Earth? An Imponderables Book:

0 of 0 people found the following review helpful. But a good resource for helping kids generate questions By Alicia Churchill Worth it for the cover alone. But a good resource for helping kids generate questions. 0 of 0 people found the following review helpful. funny facts By Jim Bagby Funny facts. A good source of material to use as ice-breakers at social gatherings 0 of 0 people found the following review helpful. Pom-Pomed Terrors Thunder Across the Savana! By Spence the Elder I must have a sick or at least a bent mind. I walked into a used book store that I frequent, spotted the title, "When Did Wild Poodles Roam the Earth?" And I had to buy it. A thoroughly enjoyable book on Feldman's Imponderables that can be read all at once, or over a long period of time, (i.e. bathroom book). Why did I just have to buy it you may ask? Here is the hook that got me, "wild poodles, roaring across the savanna like thunder, a famished, snarling pack of them advancing inexorably upon some heedless dinosaur prey...they are bloodthirsty , they are savage, they are shaggy..." That and the Thurber like cover art of the alert aggressive hunting pack of pom-pomed terrors sold me right on the spot. Yep, as we say here in East Tennessee, "I just ain't right". Quit enjoyable and a good informative read in the same model as Feldman's, " Do Penguins Have Knees?" and , "Why Do Clocks Run Clockwise". A collection of numerous things that make you go....Huuuummmmm. While David Feldman's books may never answer the eternal question of, "What is the meaning of Life?", they will answer just about all the others. Again,

a highly enjoyable and informative read, recommended !Spence the Elder"Sic gorgiamus allos subjectatos nunc" -M. Addams-This Review is for the 1992 Hardcover Edition but will apply to the subsequent soft cover editions.

The author of Do Penguins Have Knees? and Why Do Clocks Run Clockwise? responds to the thousands of inquiries he receives, providing answers to such questions as, ""Why is there no Betty Rubble in the Flintstones vitamins?""
Reprint.
