Gregg Stebben, Austin Hill : White House Confidential: The Little Book of Weird Presidential History before purchasing it in order to gage whether or not it would be worth my time, and all praised White House Confidential: The Little Book of Weird Presidential History:

0 of 0 people found the following review helpful. I wasn't expecting a book that said in the very ...By Brandy GloverI wasn't expecting a book that said in the very beginning it could be bunk. I wanted stories I could share with my

students. This book is absolutely not this. 0 of 0 people found the following review helpful. but keep getting books I like better. By Erma Jane Davis I am reading it a bit at a time....is interesting....but keep getting books I like better....but will definitely finish it... 0 of 0 people found the following review helpful. Fun, informative By Paul Prescott Fun, informative, and a quick read although written/presented a bit like an "Entertainment Tonight" script. I enjoyed it's light approach to some fun facts about our leaders through history.

An irreverent look at Presidential foibles, follies, fibs, and moral failures Were past presidents smarter, more honest, and better behaved than those we elect today? Don't bet on it! White House Confidential shows that commanders-in-chief have been lying, cheating, stealing, and womanizing from the days of the Founding Fathers. Focusing on the qualities that never made it into White House press releases, the authors look at their sexual misdeeds and strange family relationships, scandals that engulfed administrations, fights with enemies, and questionable money matters. Dip into these pages to find out: Which president was famous for being the richest man alive because of all his brilliant real estate deals? Which president was born in Canada, and was ineligible to hold the office of president? Which president caused some problems by trying to grow strange herbs in the White House garden? Which president often ordered White House staff to rub Vaseline into his scalp while he ate breakfast in bed? Which president often called his deputy chief of staff Turd Blossom? Updated with new material about many presidents including George W. Bush and Barack Obama, White House Confidential will have you laughing (and sometimes cursing!) as you take a second look at the next occupant of the Oval Office.

Entertaining gossip, facts, anecdotes, and revelations about the men Americans have chosen to occupy the highest office in the land. Senator John McCain Strange, salacious, and sometimes shocking factoids about our nation's past presidents. Joseph Crowley, Member of Congress, D-New York This book is funny and it is irreverent and it is cheeky and it made me laugh out loud, so I think people should buy it. Peggy Noonan, author of What I Saw at the Revolution: A Political Life in the Reagan Era Shocking! Amazing! Instructive! Titillating! Scathing! Torrid! Revealing! Funny! Sexy! Other than that, it was easy to read and I loved it. Jay Conrad Levinson, author of the Guerrilla Marketing series of books
