Snke RahnI googled to make an update to the Wikipedia-Article to Hollie Chapman (an actress of Don't Blame the Koalas) and I found this book. So I thought, Ok a book which possibly gives an interesting cross-view about the Archers, possibly pictures in it and possibly more informations to Miss Chapman, e.g. the information in which scene of the film "Harry Potter III." and in which sequence of the Film "Ali G" she jumps over the picture? - Or autographs of the performers. but nothing of it. --- First is to say, the letters in the book are very big and anybody will read it. There are 3 pages which will give a short view what "The Archers" are and after it there is an Index with the speakers of the serial. The first one is Alice Aldridge which is played by Hollie Chapman. There is the cv of the character to read, nothing more. 2/3 of the page is text (in big letters). The role of Alice Aldridge is described on page 10. Ok which informations are to read on the next 117 pages? It's the same. Each character owns a page with description. --- Ok the book is from 2008, so the book is not up-to-date and the same informations and more informations are on the BBC-site to read. Ok, a book is handy and a computer is it possibly not or some people will not use the internet or will collect such informations in bookshelves. On the other hand it may be that some listeners will like it to have an old description of the heros of the Archers, without photos of them. I do not know, the book was not expensive. And less informations are sometimes also informations. I will give the book two stars, because I will not place it in the trash can. The book seems to be something for old fans of the serial, but I am not. So you must know whether you will like it. (-:

This "everyday story of country folk" is the most listened to Radio 4 programme. Well established title, now in its ninth edition, has established a loyal readership that buys it every year. The book will be supported by the well-established official Archers fan club Archers Addicts in their magazine and on their website The recent 15000th edition was front page news. The ninth edition of the indispensable companion to Britain's longest-running radio drama. For the new and established listener alike, Who's Who in the Archers 2008 is the essential A to Z companion to this renowned radio drama - now in its 57th year - giving an insight into the characters and the tangled lives of the villagers of Ambridge. The book includes a detailed Archers family tree. It has been a busy year... Who's Who in the Archers 2008 covers everything from the historic 15000th edition to Trudy Porter, who spoke after 34 years of silence when a fan paid 17,000 to Children in Need to play the part. The 2008 edition, in A-format size, has been completely updated and is the perfect gift for Archers addicts.
