From Hal Leonard : Wicked - Broadway Singer's Edition Bk/CD (Piano Accompaniment) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wicked - Broadway Singer's Edition Bk/CD (Piano Accompaniment):

Instead I got a book with audio access, which is an absolute pain when needing to pull up songs quickly during a teaching session. This was very misleading. Not happy. 7 of 8 people found the following review helpful. "Wicked" resource, guaranteed! By AustenBibi Book is well-formatted and clearly printed, an able source for learning main songs from this wonderful modern musical. Besides the accompanying CD,

also included are directions to download application that will let you slow down (and thus, lower the vocal register for) the music until you find just the right place for your voice to start. 1 of 1 people found the following review helpful.

The audio is accessed online using the unique code inside each book and can be streamed or downloaded. The audio files include PLAYBACK+, a multi-functional audio player that allows you to slow down audio without changing pitch, set loop points, change keys, and pan left or right.
