1 of 1 people found the following review helpful. Solid binding and great puzzlesBy Steven WeinrichHigh quality book and the puzzles are fun too! Hardback binding is really solid, thick, and makes this a dream to have in the "conference room" for "morning constitotionals." :-) The spine is made of wide rings that are covered with a flexible, yet tough material which allows the book to be fully opened without bending too far past flat. Keeps the pages clean

and crisp. The puzzles are categorized accurately. Easy is easy and Challenging is Challenging! If you're looking for good reading material for your room of rest at home or at work, I highly recommend this one. 2 of 2 people found the following review helpful. the "easy" is not that easy. By Lynn I like to have a broad range of difficulties in these puzzle books. And as much as I like anything with Will Shortz name, some of these are much more difficult than one might expect. Having said that, I one wants to learn techniques for solving more difficult puzzles then buy this book, start in the beginning and pay close attention. 5 of 5 people found the following review helpful. Spiral Binding. By CBHI love Will Shortz Sudoku books. I love them more when the spiral binding is at the top and the pages can be flipped like an old fashioned steno pad
