strategy for the game. I enjoyed the theory and am trying the strategy to verify that it really works. 0 of 0 people found the following review helpful. Very good explanation on how to play. By George D. McCain. My introduction into craps. Very good explanation on how to play, what not to bet, how to bet and some humor. Enjoyed reading and have read the book so much that it is falling apart. Will purchase another one. Each read I note on the pages a gem I overlooked before. The betting sequence outlined I do NOT follow. I use a limited bankroll and bet to win. So far this year I am \$460.00 ahead along with almost 70 free meals. I go several times a week since I live close to many casinos.
