Fred L. Karpin : Winning Play in Tournament and Duplicate Bridge: How the Experts Triumph before purchasing it in order to gage whether or not it would be worth my time, and all praised Winning Play in Tournament and Duplicate Bridge: How the Experts Triumph:

1 of 1 people found the following review helpful. Classic Book, Instructive and a Delight to ReadBy Michael A. StambaughThis classic is the book that most inspired my love of the game of Bridge many years ago. I have read it cover-to-cover several times and given it to friends. It is the most instructive, most entertaining Bridge book I have ever read, providing unique peeks into the brains of many of the game's legendary players and exposing the thought processes that made them champions. Though this is an old book, and many of the hands date back to the very beginnings of the game, the emphasis on the Play of the Hand makes this a timeless treasure, as relevant today and tomorrow as when it was written.0 of 1 people found the following review helpful. Five StarsBy louise francisGreat book and great service from provider.

Very good. This Dover edition, first published in 1976, is an unabridged and unaltered republication of the work originally published by the New American Library in 1968. 241 pages. Foreward by Alfred Sheinwold. Author: Fred
