This book is wonderful. It gives great understanding of each card, each suit, each major and minor card. Its absolutely perfect for beginners or getting to know this set.

By Michele Allison
A good companion necessary accompaniment to the Hudes deck. A bit of new Age without overkill.
I find it most helpful not even for that specific deck, but as yet another perspective on the cards in general.

The soothing earth tones and luminous quality of Susan Hudes' designs and A.L. Samul's insightful commentary combine to create a deck and book set that is the perfect traveling companion on your spiritual journey, no matter what direction your path leads.
