whole mechanics of throwing the dice in manner that will give you less random results. He also really gets into the math of the game. All its missing is a dvd!0 of 0 people found the following review helpful. Factual data driven informationBy Jojo22The majority of the information is great and data driven. The only parts I had trouble with were how much difference it makes on his rolls when he says he is either tired or his hands are cold4 of 4 people found the following review helpful. A must have in your craps libraryBy RalphYou must own this book if you are considering dice control!!! Stanford Wong is giving you info not trying to you sell something else. His practice tips are spot on and of course the math is perfect.

Stanford Wong applies math and logic to tossing the dice to get an advantage over casinos at craps. Included are all the details of setting the dice, tossing them, using your practice time efficiently, determining when you are good enough to take on the casinos, optimal betting strategy, and the math of craps.
