If there is, indeed, nothing lovelier than a tree, artist Bryan Nash Gill reminds us why. This fun memory game based on his best-selling book, *Woodcut*, offers twenty-six distinctive woodcut prints (fifty-two pairs) nested in a handsome keepsake box. The arboreal rings come to life in exquisite detail to challenge your mind and beautify your table.

About the AuthorBryan Nash Gill was born and raised in the same rural, north-western corner of Connecticut where he works as an artist today. His sculptures and drawings are heavily influenced by the New England countryside but also by geographical regions as diverse as Carrara, Italy, New Orleans, and northern California where he has lived and worked.
