I often do crossword puzzles but get bored with them. These puzzles give me a little twist and are mindless so I can just sit and do them without much thought. I wish had more puzzle books like this. Great puzzle book if you like to just fill in words.3 of 3 people found the following review helpful. Great product!By HollyWhat can I say? I am a word fill-in addict. I liked this book because it takes more time than the generic ones you can find at the supermarket.0 of 0 people found the following review helpful. A Little DisappointingBy Lee RI was a bit disappointed. I didn't see in the description that this was large print, tho I suppose the cover should have suggested that. These aren't large or particularly challenging puzzles. Still fun tho I doubt I'll purchase any other volumes of this series.

90 fun-filled fill-in puzzles. There's a starter word for every puzzle along with solutions in the back. Some puzzles are a little more difficult to start than others, and that's what makes it more fun. Puzzles are one way of having fun while stimulating your brain.
